What is new in your life as a student at the university?
As you begin university life at Pwani you may experience changes such as:-
• Having to share a room with people or a person, you have never met before.
• Having to organize things on your own, follow schedules where there are no bells, prefects, parents, or teachers to push or guide you around.
• Having to know and meet people from different places with varied beliefs, values, faiths and other backgrounds.
• Having to handle your own financial matters with no one to guide you.
• Sometimes having to mix freely with people of the opposite sex.
• People asking you to do things you have never done before.

Adjusting to the New Life at the University
One way you can quickly adjust and cope well with life here is by being ready to face diversity, and learn to live with new people. Engage them in discussions on issues pertaining to sleeping habits, music tastes, friends, alcohol (and other drugs including cigarette smoking). Negotiate on room organization, cleaning duties, reading, entertainment etc. Learn, don’t necessarily copy, their way of doing things. Keep an open mind for you to learn, but make independent decisions. Please contact the respective housekeepers, janitors and/or accommodation officer for assistance; Each Hostel on campus has a student leader (Hostel Rep). Just let them know what is disturbing you. For Non-resident students, please ensure you have contacts of the non-resident student representative. Institutional Based students also have a representative who can channel their issues to the administration.

Getting new friends
Talk freely and introduce yourself to other students whom you are likely to meet during lectures, or even in your halls of residence (hostels) or your worship area. It is advisable to get involved in clubs, organizations and other healthy activities. They help you learn fast and avoid boredom.
Make wise decisions
You will be required to make many decisions for the first time on your own. Make sure you know the University rules and regulations to avoid breaking them. Each time as a student and even in future, make wise decisions regarding activities you engage in and how you spend time with your friends. You can ask senior students or the Dean of Students’ office in case of any difficulties. Decisions such as consumption of alcohol “Mnazi” in “mangwes” or swimming in the open sea or just going out to have fun must be carefully considered.

Due to its proximity to the Indian Ocean Kilifi town and Pwani University environs offers a unique scenic reminiscent of the famous “tropical Paradise” hence it is a very popular tourist destination at the Kenya Coast. There are beautiful beach lines for those who want to relax and enjoy the sea breeze. However, it is important to note that the beach lines are risky for swimming. The seabed is dotted with steep cliffs and strong under water currents. The water depth changes drastically with the movement of tides. Students are advised to desist from swimming excitement and only swim in safe spots under the guide of the local Red Cross chapter volunteers or authorized experts. In short, swimming in the sea is a risky affair.

Peaceful co-existence
Come and settle in PU with an open mind. You will meet people from different cultures, ethnic backgrounds, religious backgrounds, and people with diverse beliefs and values. You should maintain an open mind to co-exist amicably and peacefully without losing your own values in such circumstances. Make use of this diversity to learn and do as much as you can for your academics.

Respect each individual and their freedom of thought and always make informed decisions.

Office of the Dean of Students Affairs
The office of the Dean of Students Affairs (DSA) is the office entrusted with the responsibility of taking care of students and addressing their problems. The DSA office will support students to settle down in their new life, provide accommodation services, provide guidance and counseling, provide guidelines to conduct students’ sports, games, entertainments and general career and life mentorship. We firmly believe that a University is a place where faculty and students share academic goals and aspirations freely. In addition, that working together strengthens the teaching and learning
process. In this noble idea then we commit ourselves to:

- Excellence in service delivery
- Integrity and Honesty
- Caring for the well-being of members of the University community

As we co-exist we believe that the theme of **“Do No Harm to others”** is a non-negotiable value. It is therefore important that an accurate self-understanding becomes your foundation for empathy, compassion and understanding to others. This will lead us to be socially and ethically responsible in our stay as Pwani University community members.

**Accommodation**

The University has limited space for accommodation: only about 800 students can find on-campus accommodation. In most cases, this is reserved for students sponsored by the government (KUCCPS) and joining the university for the first time (Freshers). Those who miss on-campus accommodation and the Self-sponsored students may have to seek off-campus accommodation. The DSA and PUSA offices maintain a register of potential accommodation places within Kilifi Town. Most of these Hostels are available around Kilifi town i.e. “Kibaoni”, “Charo wa Mae” and “kwa Mwango” market centres.

Make sure you get affordable accommodation in a safe and accessible place that will not inconvenience your movement in and out of campus. However, note that all students are free to choose to live on- or off-campus. Contact the DSA in case you have difficulties in locating hostels for accommodation or situations where you have challenges with your place of accommodation.

**Catering Services and Shopping**

Dining Services for students are available in the main dining hall. Here you are expected to pay for the food at a cashier’s desk before you are served. The cashier will then issue you with a receipt, which you show at the counter to get your food. The Students Catering Unit (SCU) provides all the utensils (plates, spoons and cups). Food and all cutlery should not be removed out of the dining hall. Service in this DH is through the Cafeteria system and students are expected to line-up to get their meals.

Queue jumping violates other people’s rights and cannot be tolerated.

Take note of the times for serving meals, which are provided by the SCU. Menu for meals is posted at the entrance of the DH and on the inside walls. The SCU offices are currently situated near Hostel 4. This Dining Hall (DH) is not restricted to any student whether resident or non-resident. It is against our Public Health policy to eat your meals outside the DH or take meals to the hostels.

**Alternative Dining Areas**

Students are free to take their meals elsewhere other than the SCU Dining Hall.
Within the campus students can eat at the **RED BUFFALO** restaurant managed by the Hospitality and Tourism Department or at the **PU Guest House** and conference center.

The students Union also rents out facilities for students to operate canteens where snacks and other light foods will be served. Outside the main gate are a number of food Kiosks and hotels. However, you may need to be cautious with food served in these places because quality and safety is not assured.

**NOTE:** *Cooking in the hostel rooms is prohibited at Pwani University and is illegal. Anybody found cooking will have to vacate the hostels with immediate effect.*

**Shopping**

There are several places where you can do your shopping. These include:

a) **Kibaoni** – The shopping centre outside the campus at Gate C; it is also a residential area for many people including some students. Kibaoni has a lot to offer including:- households items, Stationery, Foods (cooked and those for cooking) on sale – You can get all needs there. There are also butcheries, restaurants and pubs, salons and barbershops (Kinyozi). Dressmaking, tailoring, shoe and bag mending and computer services are also available at Kibaoni.

b) **Tuck-shops** – There are two tuck-shops located in the student’s common room near hostels and another one in Hostel six, serve your basic needs like food stuff, toiletries etc.

c) **Tuskys Supermarket** – It’s approximately 500m from the University gate. As you come from Mombasa, it is located immediately after the Kilifi Bridge. It is therefore accessible by foot from the University. You can also use Boda Boda or tuk tuk to reach the shopping mall. It is currently the largest shopping outlet which offers a wide range of products. There are other small supermarkets at the town centre.

d) **Open Air Markets** – There is an open market at the “**Charo wa Mae**” trading centre for groceries and old wares (mitumba). This market is very active on Fridays. Also about one (1) km on the way to Malindi ie. “**Koroshoni**” (former Cashewnut factory) there is an open weekly market of a wide range of household items. It is open on **Saturdays** only.
e) Oloitiptip Market and Kilifi Stage:
This is another shopping centre with groceries and other household inputs. It is at the main Kilifi stage (Town Centre). This place offers book shops, electronics stores, clothing malls etc. Next to this Main stage are the County Government offices, the General Post Office and Local referral Hospital.

---

**Finance Matters**

**Financial Aid and Bursaries**
Limited opportunities for financial support exist now at the DSA office. We try as much as possible to link needy students with potential donors. If you have an idea of a potential donor(s) please see the DSA for support/recommendations.

The University shall always communicate through its notice boards and through PU student emails the availability of internal bursaries. Such bursaries if availed are disbursed in accordance to the bursary allocation guidelines.

Needy students should register with the DSA immediately they join the university. Students are encouraged to try as much as possible to explore other sources of funding.

The Constituency development Fund (CDF) and County/Ward Bursary are some of the options. Those eligible should apply for HELB loans. Please consult the DSA for further advice.

---

**How do I keep my Finances Safe?**
It is always wise to have an account where you can keep your finances to avoid mismanagement or losses. Some students may already be having bank accounts. Those without bank accounts may open them right here in Kilifi in the following banks:-

- **Equity Bank**: Located at Kilifi Town and has an ATM
- **Cooperative Bank**: Located along Hospital road at Kilifi Town has ATMs located at the KITECO and Kobil Petrol Station near the University.
- **Barclays Bank**: Located opposite the Equity Bank and has ATM at the premise
- **Post Bank and Imperial Bank**: These two are located next to each other at the Kilifi Shopping Arcade.
- **KCB**: Located opposite Cooperative Bank. It has an ATM within the university.
- **National Bank**: Located next to Kilifi Shopping Arcade.
Diamond Trust Bank: Located next to Tusky’s Supermarket.

Always be careful how you handle your money and you are advised never to leave your money in your room, no matter how safe you think it is.

**BEWARE OF CONMEN!**

Any official transactions concerning University fees should be done directly from the bank. Bank slips should be presented to the university finance department, which will issue an official receipt of the transaction. Avoid any intermediaries in your transactions. The risk is high when freshers are reporting and at the end of each semester.

**Fees**

All first years are expected to have received their fee structures attached to their calling letters. Your fee balance will always be shown in your fee statement, which can be accessed through the internet from the students account. Get the necessary information to start operating you account.

Any changes in the fees will be communicated by the Deputy Vice Chancellor (ASA) and or the Finance department through various ways such as circulars, letters and through PU student emails.

---

**Transport**

*Cars on Campus*

A student with a motor vehicle within university premises should get a written permission from the Vice-Chancellor on condition that he/she provides a current driving license, valid road tax license and a current certificate of insurance. Parking is at the vehicle owners’ risk.

*Bicycles*

This is one of the means of transport to the University particularly for students staying far. However those riding bicycles should observe rules and rights of other pedestrians. The University currently does not have Bicycle Park or areas designated for
bicycle parking. There is no provision for security even where parks are provided. Students riding bicycles should ride carefully not to cause accidents. In addition, they should park them in places that are not near entrances to avoid inconveniencing other road users.

**Motor cycles, Boda Boda and Tuk tuks**
This is a common means of transport around Kilifi. They are allowed only in some areas within the campus. You can use them when you have to carry a bulk luggage to and from the Hostels. However, you are cautioned that most riders are not trained and some are completely ignorant of traffic rules and regulations. As such, they can make some irrational decisions while on the road.

Note that most tuk tuks and Boda Boda are not licensed or insured. Be careful when using them at night because the conduct of the drivers is unpredictable.

---

**Health and Medical Matters**

Kilifi and the Coastal region where Pwani University is located is a zone with high incidences of Malaria. You are advised to take precautions and avoid exposing yourself to Malaria. Ensure that you sleep under a treated mosquito net. Avoid mosquito bites in the night. Staying late in the night outside e.g. flower gardens or in “mangwes” puts you at risk. Ensure the conditions around your room do not encourage breeding of mosquitoes.

Consult the Students Health facility or the Dean of Students’ office for any “special” or pre-existing medical issue/conditions that you may need assistance as you join the University.

**Medical Attention while on Campus**

The PU students Health facility is accessible 24 hours to provide medical services and preventive programs for students (medical fees are paid-up alongside tuition fees). You need to produce your student I.D. and proof of completion of the required fees in order to receive services at the Health Unit.

The Students’ Health facility offers services such as routine medical and injury care, physical examinations/health units, laboratory services, physical therapy and a full service pharmacy. It has an Laboratory from where medical examinations can be carried out to facilitate quick diagnosis.
The pharmacy is stocked with essential drugs for curative and emergency conditions. In addition students and staff can get counselling and family planning advice from this facility.

If a student falls sick in the hostel, he/she should inform the Hostel representatives or janitors who will organize to get him/her to the health unit.

The PU Health Unit also has an Ambulance used to handle emergencies within the university. If a student falls sick in any part of the university and cannot walk to the health unit, he/she can contact the Dean Students Affairs on telephone 0717686741 or 0773-839-889 or the nearest security Guard on duty. For those residing in the hostels and, for all night cases students can contact the Janitors or the student leader’s in-charge of welfare and health matters.

Cases which the university health unit cannot handle are normally referred to the Kilifi District Hospital or Coast Provincial General Hospital- Mombasa or any other relevant health facility.

**Dentistry/Optical & Dermatological Attention**

Dental and optical services are not offered at the PU Health Unit. Students who may be in need of such services will be required to make their own private arrangements to access them. Such services are mostly available in Mombasa; however, some are available in Kilifi.

**Aids Control Unit**

The University has an HIV/AIDS unit, which is currently situated, within the PU Guest House. It provides HIV/AIDS counseling, testing, and post-testing services.

This unit has a fulltime employee who is also a counselor. Students can get free advice on general matters about HIV/AIDS anytime within working hours. The
unit works closely with students’ Peer Educators on matters of behavior change, communication and other issues related to HIV/AIDS.

It has an advisory service to support PLWA, prevention of Mother-Child transmission and matters of male circumcision.

Feel free to interact with the officer in charge to know more about HIV/AIDS

**Guidance and Counseling Services**
The Guidance and Counseling services are also available.

Pwani University students are encouraged to seek for therapy services available such as:
- Individual/ Group counseling (Peer, family, mental counseling)
- Preventive Guiding and Counseling
- Career/Vocational Guidance and Counseling
- Health Guidance and Counseling
- Peer counselors who are trained and empowered with skills for same are available.

Please have a session and discover yourself.

The clubs and societies on campus should reflect the values and attitudes of our academic community. As a community of Pwani University, our clubs and societies need to adhere to the mission of the University and its supporting by-laws, statutes, and policies. Therefore, all student groups are expected to be familiar with and conduct themselves in accordance with the “Student Code of Conduct”. For purposes of order and smooth operation of Clubs and Societies, it is expected that each of these organizations will develop and maintain a list of its students, the group’s constitution and bylaws.

Above that, the clubs and Societies should have an advisor/Patron who is a PU faculty or staff member.

**Why Get involved in Clubs / Organizations?**
Participation in Clubs and societies has a wide range of benefits. You get to know more from others and you may have an opportunity to be exposed to new ideas in life. In particular, clubs and societies may:-

• Help you meet and associate with people in the corporate world and thus establish contacts that may get you employed.
• Help you develop friendships that may provide support during difficult times.
• Give you a chance to contribute/work with the community (e.g. through community service) which provides a sense of purpose.

Skills learned in these clubs /organizations and experiences are important to you in your future employment and career. Remember some employers are keen on the role you play in assisting the society.

**How Can I Find out about Clubs and Organizations?**
• You can check from the Dean of Students Affairs Office or through PUSA offices.
• Leaders of the clubs and societies will make announcements/arrangements for recruitment of new members in the beginning of the academic year.

Choose which club /society to join.

Note that some clubs have regular and specific dates and times of meetings while others do not, so it is your duty to be on the lookout.

However do not join too many clubs as this can eat into your time for studies.

**Manage time to avoid Stress**
Lack of time management will be a major problem.
cause of stress while you go through your studies if you are not careful. It is good to plan your time well by:-

- **Setting priorities** - Know what needs to be done before another, sorting out major tasks from minor ones, urgent and non-urgent and long-term from short-term goals

- **Forward Planning** - It is not about being too rigid; it is about budgeting your time and knowing clearly what you would like to do at a particular time. It saves you from confusion.

- **Avoid procrastination** - Always do what you should at that time, never push it ahead or postpone in that way you avoid accumulating too much work. Just plan and concentrate but take breaks as necessary.

**Other important problem solving skills you may need:**

- First identify the problem you have
- Identify the priorities and goals
- Identify the possible solutions
- Consider each solution vis-a-vis your priorities and goals
- Choose the best option and plan to implement your solution

**What may not be an infective way to handle your problems?**

- Smoking
- Alcohol consumption
- Taking drugs
- Unhealthy diets
- Overworking
Pwani University is committed to providing and maintaining a peaceful and conducive environment for all members of the community. All students have a responsibility to ensure that this is not violated. Students are reminded to abide by the rules and regulations as provided in **PU 6 form**, which all students sign before joining the university. The rules and regulations can be availed to you on request by the DSA. This Guidebook has some of the rules and regulations particularly those dealing with Examinations and on-campus accommodation.

**NOTE:** that we are all governed by the Kenyan State Laws. Any offenses that contravene the laws of the land will mean that such an offender shall be subjected to the state law over and above the Pwani University rules and regulations.

**Noise and Disturbance**

**Pwani University Students’ Association (PUSA)**

PUSA is the governing body of students at Pwani University through which students organize their activities and express their views and opinions in the university. It is the mouth piece of the student community. It is led by student leaders elected by the students themselves. The elections are held every year in the beginning of the second semester, normally before 15th March as per the PUSA 2010 Constitution.

Funding of PUSA is largely from the contribution of PU students. Each student pays a specified subscription fee each semester. To propagate good financial management practices, PUSA funds are subjected to audit every financial year. Students through their leadership are encouraged to ensure there is prudent utilization of their funds.

**Governing council of PUSA consists of the following:-**

---

**Security**

A hired security firm and the University security supervision team provide security within the campus. The security personnel are assigned duties in specific demarcated locations within the university compound. In addition the University has installed closed circuit television (CCTV) to boost security for students.

However, this is not adequate to keep you safe. Please be alert always about your safety. As a community it is a good idea we adopt the strategy of “Being your neighbors keeper”. That way we can enjoy our safety in the University. This is achieved by reporting all cases that appear to pose a risk to our security to the relevant authorities in the university.

**Security off-campus**
Kilifi is a relatively calm place with very few incidences of insecurity. The local authority has installed security lights on the main streets. The regular and administrative police make patrols in the night to curb cases of crime.

Residents of Kilifi also have a community
organized patrol arrangement. They have a vehicle with its sides inscribed “COMMUNITY PATROL”. In case of a problem you can call their emergency number 0705 555 400 and talk to the case manager

University Security Offices
Report all cases that need to be handled legally at the security offices situated in the new administration block Room No.485 top floor. University has its own security officers who supervise the hired security service.

Report any signs or behavior that can lead to insecurity to the nearest security office

To enhance security:
• Keep an eye on your belongings while in the buildings. Report suspicious and criminal activity to the university security.
• Lock and secure your room door when leaving.
• Do not leave valuables or money out in the open in your room or office.

In case of a fire breakout:
• Please sound an alarm by calling other students, hostel staff and the security personnel near you.
• You should exit the site immediately
but calmly through the designated exit routes.
- Forget what you have left behind and save your life.
- Move to the nearest fire assembly point.

Please remember that all hostels have fire fighting appliances located in strategic positions. Take time to read the instructions on the labels. These may become handy in case of an outbreak of fire.

Note: We normally have fire talks with the students on how to stop the fire and prevent it from spreading by using different fire appliances (extinguishers). The fire wardens who are in the university give these talks. We can avoid fire disasters here at Pwani University when you and me stay away from it!

Prevention is better than Cure!!

Overall, try your best to make Pwani a conducive place to live and study, and you surely will be proud to have studied here. Do not hesitate to visit the Dean of Students Office in case you have challenges, questions or even compliments. Thank you and good luck.
