

In an effort to conserve and protect indigenous knowledge and technologies on medicinal plants, the following twenty two plant species were collected, documented and planted in the Pwani University in the Academic year 2014/2015.

	Scientific Name	Family	Local names	Uses (Kokwaro, 2009; Gathirwa et al., 2011)
1	<i>Zanthoxylum chalybeum</i>	Rutaceae	Mundungu (Digo), Mukeneza (Kamba)	Medicinal. For treatment of kwashiokor, chest pain, malaria, colds, coughs, and dizziness, toothache, sore throat.
2	<i>Uvarian acuminata</i>	Annonaceae		Medicinal: For treatment tumor, malaria
3	<i>Markhamia zanzibar</i>	Bignoniaceae	Mpalawanda (Swahili)	Medicinal: For treatment of tooth ache, coughs, anthelmintic
4	<i>Xylopiya parvifolia</i>	Annonaceae		Medicinal: For treatment of malaria
5	<i>Gardenia volkensii</i>	Rubiaceae	Mkimwemwe	Medicinal: For use as an emetic
6	<i>Croton Megalocarpus</i>	Euphorbiaceae	Msuduzi (Swahili)	Medicinal: For treatment of intestinal worms, whooping cough, pneumonia
7	<i>Moringa oleifera</i>	<i>Moringaceae</i>	Mzungi	Medicinal: rheumatism; asthma ; cancer ; constipation ; diabetes ; diarrhea ; epilepsy ; stomach pain ; stomach and intestinal ulcers; intestinal spasms; headache; heart problems; high blood pressure ; kidney stones ; thyroid disorders ; and bacterial, fungal, viral, and parasitic infections.
8	<i>Mkilua fragrans</i>	Annonaceae	Mkilua	Perfume: Antibacterial and cytotoxicity
9	<i>Warbugia stuhlmaanni</i>	Canellaceae	mkarambaki,mkaa	Medicinal: For treatment of tooth ache, rheumatism
10	<i>Sideroxylon irneme</i>	Sapotaceae	Mkoko bara, Mutsani	Medicinal:
11	<i>Acacia nilotica</i>	Leguminosae/ <i>Fabaceae</i>	Mgunga (Giriama)	Medicinal: For treatment of sore throat and coughs, chest pain and pneumonia, gonorrhoea, impotency

12	<i>Pyrostella africana</i>	Moraceae		Edible fruits
13	<i>Lecaniadiscus sp</i>	Sapindaceae;	Mbelenga	Building poles
14	<i>Fernandoa magnifica</i>	Bignoniaceae		Showy flowers
15	<i>Terminalia boivinii</i>	Combretaceae		Building poles
16	<i>Lepisanthes sp.</i>	Sapindaceae		Edible fruits
17	<i>Brachleana sp.</i>		Muhuhu	Timber
18	<i>Mimusops obtusifolia</i>	Sapotaceae		Timber
19	<i>Mimusops fruticosa</i>	Sapotaceae	<i>Mng'ambo</i>	Fruits
20	<i>Haplocealum sp</i>	Theraphosidae		Timber
21	<i>Vangueria madagascariensis</i>	Rubiaceae	Mviru	Edible fruits
22	<i>Terminalia brownii</i>	Combretaceae	Mbarao	Timber
